**Subject: - Notification Letter of GMP Report**

We would like to express our thanks for the cooperation and hospitality you extended to us during the inspection of your plant on September, 01-04, 2019.

The purpose of the inspection was to determine the compliance of the manufacturing plant with the principles of Good Manufacturing Practice (GMP) as a complement to market authorization.

The level of compliance of the company's all manufacturing lines (General class Tablet and capsule dosage forms only) are **acceptable**. Accordingly, the authority would like to inform you that your plant is **accepted** to register its products from the above mentioned manufacturing lines from now on. Some major and minor deficiencies were observed during the inspection time as indicated in the attachment that you need to correct and provide CAPA report for the authority as soon as possible.

With Best Regards,

C.C:
